

Dear Parent and Carers,

As you know, Christmas celebrations will be very different at Beecholme this year. The first celebration was Christmas dinner on Wednesday. All the children had Christmas crackers and listened to Christmas music in the hall.

Upcoming Christmas activities will include:

Christmas Jumper Day - Friday, 11th December

Class Christmas Movie afternoon - Thursday, 17th December

The school performance of 'A Starry Night' will be uploaded on Seesaw in the last week of term.

If your child/ren would like to send cards or presents to other children or adults, the cards or presents must be labelled or addressed with the receivers name **and** year group. These will be collected in a year group box and quarantined for **72** hours. After this time they will then be distributed to the children or adults. All gifts and cards must be in school by **Friday, 11th December**.

Thank you for your continual understanding.

Best wishes,
Mrs Sternberg

Keeping Everyone Safe at Beecholme

Thank you so much for making sure your children are not riding their bikes and scooters on the school grounds. It makes it easier for everyone to walk on the left and pass by quickly.

In KS1 you will notice that Mr. Edwards has marked out some white boxes outside the classrooms. Please do not step into the box when speaking to the teacher as the lines maintain social distancing and keep both parents/carers and the staff safe.

As it is getting colder and we have to have ventilation in the classrooms, children are allowed to bring in warm clothing but still wear their uniform underneath.

Calling all Parents and Carers!

In more normal times, we know you would be supporting school by baking and buying cakes, coming to events, buying refreshments, and all the other things we do as a community to help Beecholme raise funds.

As Friends of Beecholme (FoBs), there is not much we can do at the moment, but we would love to do this:

We have added some items which staff would love to have for our children to the school's

Amazon Wish list: https://www.amazon.co.uk/hz/wishlist/ls/21CEICR2F0DSK?ref=wl_share.

We know not everyone will be able to do this, but if you can, some of the items are small, some bigger, so you can choose what to give (there are also some books left). Please see below a selection of books which have already been bought.

As FoBs, we are encouraging you all to support the school in this way (in what are pretty tricky times!)

Thank you so much for all you are doing.

Easyfundraising

As we approach Christmas, please remember to use the Easyfundraising app which helps raise money for our school.

Well-being Friday

This week's focus is Environmental Wellbeing: the way you feel about, respect and protect the world around you. Do not be surprised if your children come home and encourage you to save energy; recycle; compost food waste; reuse shopping bags and check if you have smoke detectors and carbon monoxide detectors, and if they work properly. Please ask them why they think it's important.
