

Dear Parents and Carers,

The end of term is approaching quickly. The teachers have been writing your children's reports and they should be with you by **Friday, 16th July**.

As I have been reading them it's quite apparent that our children love school and learning. They continue to impress me with their resilience, thoughtfulness and respect for others.

Can I remind Parents to check their accounts and pay any outstanding debt for school dinners.

The Governors have agreed the new times for the school day in the new academic year, if the staggered starts cease.

You will be pleased to know that we have collated your ideas for Vision 2023. Please see attached the poster with our new statements. We are also incorporating some suggestions for activities in our School Improvement Plan and Curriculum.
